This is an amazing book that I actually have actually read through. I am quite late in start reading this one, but better then never. You will not truly feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).

However, life isn't everything it's cracked up to be and Jane is questioning its deeper meaning. Taking another day off work, she sits in her favourite spot by a bronze statue, observing people as they pass by whilst trying to make sense of the despondency and frustration that she is feeling. When it starts to rain she heads for the nearest cafe where, to her surprise, a stranger is waiting for her. The stranger unveils a powerful philosophy for living, one which invites Jane to live life at its most authentic and adventurous level. Over the course of one week the stranger teaches her seven lessons which, if applied, will completely change her life.
