Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

It is true I have little now to do with politics, and I am not in position to give influence and currency to what I may say. I have no Congressional seat from which I can speak by authority, but my interest in the settlement of this question as a citizen, and my regard for the welfare of the country is none the less on that account. After the most careful examination of this portentous question, I am satisfied that it is the most mischievous and pernicious measure that has ever...
