

The First Frontier: The Forgotten History of Struggle, Savagery, and Endurance in Early America

By Scott Weidensaul

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 170 x 135 mm. Language: English . Brand New. Frontier: the word carries the inevitable scent of the West. But before Custer or Lewis and Clark, before the first Conestoga wagons rumbled across the Plains, it was the East that marked the frontier the boundary between complex Native cultures and the first colonizing Europeans. Here is the older, wilder, darker history of a time when the land between the Atlantic and the Appalachians was contested ground when radically different societies adopted and adapted the ways of the other, while struggling for control of what all considered to be their land. The First Frontier traces two and a half centuries of history through poignant, mostly unheralded personal stories like that of a Harvard-educated Indian caught up in seventeenth-century civil warfare, a mixed-blood interpreter trying to straddle his white and Native heritage, and a Puritan woman wielding a scalping knife whose bloody deeds still resonate uneasily today. It is the first book in years to paint a sweeping picture of the Eastern frontier, combining vivid storytelling with the latest research to bring to life modern America's tumultuous, uncertain beginnings.

Reviews

This ebook can be worthy of a go through, and a lot better than other. Better then never, though i am quite late in start reading this one. Its been printed in an exceedingly easy way which is just soon after i finished reading this book where basically modified me, affect the way i really believe.

-- **Seth Fritsch**

The very best book i at any time read. It generally does not price an excessive amount of. I discovered this publication from my dad and i recommended this book to understand.
