To begin with, the number of convinced and practising adherents belonging to various schools of food reform grows year by year. Added to these are a considerably larger number who, for reasons of health or economy, give heed to the teachings of medical men and either eat more vegetables and fruit or discard more or less thoroughly a meat diet. It should be stated that the word vegetarian came into general use soon after the inauguration of the Vegetarian Society at Ramsgate in the year 1847. This society defines vegetarianism (V.E.M.) as follows: That is, the practice of living on the products of the vegetable kingdom with or without the addition of eggs and of milk and its products (butter and cheese), to the exclusion of fish, flesh, and fowl. The Vegetarian Society has always had eminent scholars on its committee, and it is generally thought that they took the Latin root vegetus - which, broadly translated, means, vital, vigorous, healthful, wholesome - as the basis of the word vegetarian. It will be seen by these definitions that a generally accepted idea of a vegetarian as one who lives on vegetables, is not justified. Vegetarianism does, however, imply an abstention from flesh foods, even among those who admit milk and milk fats (butter and cream), and those who are still less strict and eat eggs. But should these be eliminated...
