

## Progress in Sexology: Selected Papers from the Proceedings of the 1976 International Congress of Sexology

By -

Springer. Paperback. Book Condition: New. Paperback. 636 pages. Dimensions: 9.6in. x 6.7in. x 1.4in. As editor of the series Perspectives in Sexuality: Behavior, Research, and Therapy, I consider it a major scholarly achievement to publish selected proceedings of the Second International Congress of Sexology. Never before have so many professional organizations supported such a conference or so many scholars, from so many countries, participated in such a conference. Eighteen countries were represented; over one hundred papers were presented. The Congress and these proceedings mark an historical milestone for sexology in international scientific cooperation. The collaboration of so many researchers from diverse disciplines further illuminates the interdisciplinary approach. The papers presented reflect the challenge accepted by scientists to compare varieties of techniques and programs, to develop new theories and creative approaches in their investigations, and to initiate scientific study of heretofore taboo areas of inquiry. Clearly, sexology has come of age. It takes its place among the respected scientific disciplines. This monumental achievement, the Second International Congress of Sexology, signals the emergence at the international level of Sexology as Science. Richard Green ix Preface The Second International Congress of Sexology was held in Montreal, Canada on...

### Reviews

*This book will be worth getting. Better than never, though I am quite late in starting reading this one. It has been written in an extremely basic way which is only right after I finished reading this book through which actually altered me, altered the way I believe.*

-- **Mr. Enrico Lesch**

*Undoubtedly, this is the best function by any writer. It usually will not charge too much. I am just very easily can get a pleasure of looking at a written ebook.*
