

Integrated Vehicle Health Management: Business Case Theory and Practice

By SAE International, Ian K. Jennions

SAE International. Hardback. Book Condition: new. BRAND NEW, Integrated Vehicle Health Management: Business Case Theory and Practice, SAE International, Ian K. Jennions, Following the best seller, Integrated Vehicle Health Management: Perspectives on an Emerging Field , the new title Integrated Vehicle Health Management: Business Case Theory and Practice takes the subject to the next level. This time it addresses the commercial justification for the adoption of a new modus operandi in asset health management, and its impact on business strategy and servitisation of technology. Edited by Dr. Ian Jennions, Director of the IVHM Centre at Cranfield University in the U.K., the book tackles the most important questions on the transformation of business from selling a product, and deriving future income from spare part sales, to selling a service in which income is received in return for effective maintenance of the asset. The resulting service business requires a much deeper understanding of how the product is used and should be maintained, thus providing the rationale for Integrated Vehicle Health Management- IVHM. Chapter highlights include: How to calculate the return on investment of an IVHM system How real options can be used for decision making How the availability of prognostic information affects...
